

Water Conservation Tax Credit/Rebate Program Application

NOTE: Hammonton Town residents are eligible for a water conservation tax credit or rebate per Town Ordinance 29-2013, which established criteria for providing incentives to purchase and install a variety of water-conserving appliances, devices, and technologies. The current list of eligible devices is listed on the back of this form. Appliances must carry certification from either the US Environmental Protection Agency (Water Sense) or the NJ Energy Efficiency Technology Verification (EETV) program.

Applicants must include documentation of purchase and installation of the relevant appliance or device. Acceptable documentation includes store purchase and delivery receipt, and invoice/bill from the installer.

Name: _____ Address: _____

Type of Appliance/Device Installed (check eligible appliance list, and include make, model, and serial number):

Eligible Water Conservation Equipment & Appliances

1. \$100 or 50 percent off the purchase of a permanent, mechanical pool cover, whichever is less,
2. \$50 for each Water Sense certified toilet,
3. \$25 off or half the purchase price of a rain sensor, whichever is less,
4. \$100 off the purchase of a water-smart lawn irrigation system,
5. \$75 for a high efficiency (“HE”) clothes washer,
6. \$50 for an Energy Star dishwasher, and
7. \$100 or 50 percent off the purchase price of technologies certified by the NJ DEP under the Energy and Environmental Technology Verification Program, whichever is less.
8. The list of qualifying credits/rebates may be expanded to include new technologies, appliances, or devices, upon review and approval by Council, with the new qualifying rebates to become eligible upon the first for the year following their approval.
