**Hammonton Lake Water Quality Advisory Committee**  
**Mission Statement**

The Mission of the Hammonton Lake Water Quality Advisory Committee is:

- To promote the natural processes that support the flora and fauna that live in, or by, the Hammonton Lake.
- To highlight the importance of our lake to the community's quality of life by raising public awareness about opportunities for recreation and relaxation by the lake.
- To preserve, protect, enhance and enlighten residents of our hidden treasure!
